We are looking forward to hearing from you! Read more about the conference and how to submit an abstract below.

Deadline for abstract submissions extended to 9th August 2021

About this year's theme:

Social Distance and Togetherness: The Role of Social Pedagogy in Navigating Difficult Journeys

2020 has seen us all affected by social distance: physical, emotional, social and spiritual distance alike.

This distance has been challenging, but has also birthed new ways for togetherness, and unearthed old senses of community. There have been collective and individual journeys, both trying and transformative, and the role of social pedagogy has never been more pertinent when geographical, demographic, socio-economic and political landscapes have become so evident in their force behind shaping these journeys.

SPPA is gathering speakers from various disciplines to investigate social pedagogy's role in the global and local navigation of this challenge, and from there, to think about its role in all journeys, from the everyday to the life-long.

This conference offers an exclusive opportunity to take stock, to reflect on our shared and individual journeys, and to look at how we have come together through social pedagogy and what its role is in the future.

We welcome you in shaping this conference with us!

Ways to contribute

For the conference we offer a variety of ways to participate to allow for more interactive and diverse exploration of our theme of **Social Distance and Togetherness: the role of social pedagogy in navigating difficult journeys**.

a. Workshops (45 min)

We are looking for creative, interactive, experiential workshops that are academically rooted or informed and come from a social pedagogical perspective. Workshops should aim to both inform and actively involve participants.

b. Lightning talks (10 min, plus 5 min Q&A)

An opportunity to give a brief talk or share a story in an insightful and clear way. We aim to have a variety of speakers and topics (related to our theme of course) which could include experiences from life, practice, provocations or insights of social pedagogical approaches and concepts.

c. Poster

We welcome posters that visually communicate projects, research, examples from practice or theoretical approaches. The posters will be displayed during the whole conference. There will be time during the breaks and lunch time for the authors to interact with attendees.

d. Vlog (5 min)

We want to hear from you about your social pedagogy experiences, wisdoms, or key take home messages. This is an opportunity to participate in sharing your journey via a short video blog which will be played on loop through the breaks and lunchtime.

Submission guidelines

- **Abstract submission for workshops, lightning talks and posters**

Abstracts must show how your contribution relates to the conference theme, specify your aim and provide a brief explanation of the session or poster. Abstracts should be a maximum of 250 words. Please download and fill in the **abstracts submission form** and return it to info@sppa-uk.org with the subject: SPPA conference 2021 abstract
